- **Mesh Sizes:** 50x50mm, 65x65mm & 80x80mm for residential and commercial security fencing.
- **Twisted ends** for extra strength.
- **Standards:** KEBS KS EAS 135:1999.
- **Applications:** Perfect for schools, airports, farms, and residential compounds.

DURAFENCE: KENYA'S UNBREAKABLE SHIELD!

RAZOR WIRE SOLUTIONS

Maximum Security Fencing.

- Razor wire adds an **anti-climb quality** to almost all fences.
- We provide a range of specifications to suit diverse security requirements:
- **Diameter** : Razor wire is available in diameters of 450mm, 730mm & 980mm.
- **Longer lifespan** with Galvanized or colored (**Green**).
- **Cost**: Razor wire is more affordable than some other high-security barriers.
- **Installation Flexibility**: Razor wire can be installed as part of an electric fencing system or as a standalone barrier. It is used for top-layer fencing in high-security zones like prisons, military camps, and commercial storage yards.
- **Welded Razor Mesh Panels**: Prefabricated panels used for fences and walls.
